

20th June 2025

Dear Parents and carers,

We have arranged an exciting treat to celebrate the end of a successful year in Reception. Wild Science will be coming to St Chad's on Wednesday 2<sup>nd</sup> July to provide some animal workshops for the children. They will bring in a range of animals, reptiles and invertebrates for the children to learn about and handle (if they want to) both classes will have a specialised workshop each.

The cost of the workshop will be £10 per child to be paid via Parent Pay by Monday 30<sup>th</sup> June 2025

We ask that you provide a packed lunch for your child (no sweets, nuts or fizzy drinks) as we would also like to make this day even more special by having a picnic on the field and letting the children wear their own clothes. We will also play games together, eat ice lollies and have a great time!

If you are in receipt of **benefit related** free school meals and would like to order a school packed lunch please inform the school office no later than Monday 30<sup>th</sup> June 2025.

The children have made so much progress this year and we would like to celebrate them.

If you have any questions, please come and speak to us.

Kind regards,

**Reception team**
