Understanding KS2 Assessment Data

At the end of Key Stage 2 (Year 6), children take the statutory national tests in **Reading, Mathematics, and Grammar, Punctuation and Spelling (GPS)**. These tests are externally marked and each child receives a **scaled score**, which allows their performance to be compared fairly with pupils nationally.

Alongside the test results, children are also assessed in **Writing**. Unlike the test-based subjects, writing is judged through a **portfolio of independently completed work**. Teachers assess this portfolio using national criteria, and these judgements may also be externally moderated to ensure accuracy and consistency.

Schools are evaluated on the percentage of pupils who achieve the **expected standard in all three key areas: Reading, Writing and Maths**. This measure helps show how effectively a school supports pupils to meet, and exceed, national expectations.
